

9 March 2018

Dear Parents/Guardians,

During health lessons we have been learning about Protective Behaviours. To help consolidate these topics the Life Ed Van will be visiting our school for an incursion.

What is Life Education about?

Life Education is a non-government, not-for-profit organisation working with schools to deliver a curriculum-based program that empowers children to make safe and healthy lifestyle choices. They've been operating for more than 35 years, and have delivered programs to nearly 5 million children throughout Australia in that time.

Their programs support children, teachers and families to explore a range of health topics including nutrition, body knowledge, resilience, decision making, social skills, physical activity, personal safety, medicines, tobacco, alcohol and cybersafety. Providing opportunities to develop knowledge, understanding and skills is important in positively influencing health behaviours.

Parents, care givers and members of the community are also welcome to visit the Life Education Mobile Learning Centre during an 'Open Van' session on **Tuesday the 2.10-2.40pm.**

Each year level will be participating in a specific theme which we have also been learning about in Health through Protective Behaviours this term.

Kindy: Belonging and Connecting.
